**“TAKE DRUGS AT YOUR OWN RISK – REMEMBER,
FDA-APPROVED DOES NOT MEAN SAFE!”**

Former Pfizer Representative Charged with Health Care Fraud

By [Lee Howard](#)

Publication: TheDay.com

Published 01/15/2010 12:00 AM

“Dr. Scott S. Reuben, a former member of Pfizer Inc.’s speakers’ bureau accused last year of perpetrating one of the biggest research frauds in medical history, was charged today in a federal court in Boston with falsifying medical research studies. Reuben, the formerly Chief of Acute Pain at Baystate Medical Center in Springfield, Mass., faces up to 10 years in prison and a \$250,000 fine.

U.S. Attorney Carmen M. Ortiz accused Reuben of accepting a \$75,000 grant from Pfizer to research the effectiveness of pain medication **Celebrex** for a 2005 study in which no patients were actually enrolled. Prosecutors allege that Reuben made up the data, which he subsequently published in the medical journal "Anesthesia & Analgesia." The data supported the conclusion that Celebrex was effective in helping post-operative patients who had received a particular type of knee surgery on the anterior cruciate ligament. "Anesthesia &

Analgesia" later had to retract 10 papers written by Reuben, and medical experts at the time said at least 21 journal articles by the anesthesiologist appeared to be fabricated.

Reuben's studies had been considered pioneering at the time they were published. His data had supported the use of two of Pfizer's major products — **Celebrex and Lyrica** — in combination to treat certain types of post-operative pain. Pfizer said it had supported five of Reuben's research initiatives. Pfizer, which declined at the time to reveal how much it paid Reuben over the years to be part of its speakers' bureau, said the company played no part in the fraud. Last March, Reuben was dismissed from his position at Baystate Medical Center after an audit revealed he had been inventing data for as many as 13 years."

Senate Report Links Diabetes Drug **Avandia** to Heart Attacks

February 20, 2010 - (CNN)

"The diabetes drug **Avandia** is linked with tens of thousands of heart attacks, and drugmaker GlaxoSmithKline knew of the risks for years but worked to keep them from the public, according to a Senate committee report.

The 334-page report by the Senate Finance Committee also **criticized the Food and Drug Administration (FDA)**, saying that the federal agency that regulates food, tobacco and medications overlooked or overrode safety concerns found by its staff."

It's time to take charge of your individual healthcare plan. Do the research; Read the Labels; learn the truth about Federal Intervention: **FDA-APPROVED DOES NOT MEAN SAFE!** The first step in taking charge of your health and wellness program is a return to Nature: organic prepared and raw foods; clean water; non-GMO dairy and other foods; plant-based nutritionals and cleaning products. Your one-stop shopping for fabulous health and wellness is Young Living's **Essential Rewards Program**.

Health Investors Plan

You will not only save money by choosing to spend your hard-earned budget dollars in your Young Living Store, but the Company rewards you with free product and reduced shipping by shopping monthly through the **Essential Rewards Autoship Program**. Remember, you can change out your products every month; and with over 400 products in your inventory, you can virtually replace all the toxic products in your home with oil-enhanced, **Green** Young Living products! In addition, you'll earn free product points with every order and you can change the date of shipping every month; and all Essential Rewards orders are eligible for the monthly promos and sale-priced items and exciting payout bonuses! AND, there is no penalty for cancelling! SHE DARED TO TAKE THE NINGXIA RED CHALLENGE

JEANETTE GRISSOM WITH
FRIENDS HEIDI AND JANET

Meet Jeanette Grissom -- A dedicated nurse and

caregiver for over three decades. Her hands had become so swollen with edema, it was becoming increasingly more difficult to do her important work. Her legs were weakened to the point that she could scarcely walk but just a few feet before requiring rest. Because of the edema and body weakness, she could not carry anything greater than 5 lbs.

Jeanette heard of the **Ningxia Red Body Saturation Program** from her long-time friend, Heidi, who lovingly persuaded Jeanette to give it a try. This protocol is to challenge yourself to consume all 4 bottles of the **Ningxia Red Autoship** pack within 30 days. After only 3 days into the "**Challenge**," Jeanette awoke to find that the edema, the intense swelling in her hands, had completely disappeared!

Excitedly, she continued with the protocol, and by the end of 4 weeks, she was walking with greater ease and stability. Jeanette was now handily carrying greater loads as her body continued to gain strength and mobility. Today, Jeanette continues on her journey to greater health and wellness, and even more important, she continues to minister love and care to those who've come to depend upon her gifts and ministry over her many years of service. *

4-Pack Ningxia Red w/10 free travel packs—Essential Rewards Autoship: \$150
Item #3699

FREE MARCH PROMO -- \$80 Retail Value

Stress Away Roll-On is a unique blend of vanilla, lime, copaiba, and other exquisite oils that help relieve daily stress, encourage relaxation and reduce nervous tension. *

DID YOU KNOW???. Stress Away Roll-On may help curb your appetite! If you're working a weight release regimen, **Stress Away** Roll-On is a fabulous asset to the protocol:

"I am sometimes prone to hypoglycemic attacks. I must eat some protein quickly or face extreme weakness. While in a meeting, I felt a sugar drop coming on. This time I grabbed the **Stress Away** and applied under my nose and to my wrists and inhaled a few times—Immediately, all symptoms subsided!" *

~ JM, Montana
