

A Blend of "Secrets"

Melrose 

Melrose Essential Oil Blend – 10% Off

July 16th – Aug 15th, 2007

Melrose Oil Blend

A strong topical antiseptic, anti-fungal liquid that cleans and disinfects cuts, scrapes, burns, rashes, and bruised tissue. **Melrose** helps regenerate damaged tissue and reduces inflammation. When diffused, it dispels unpleasant odors. **Melrose** is a synergistic blending of Therapeutic Grade A *Melaleuca* (*alternifolia*), *Melaleuca* (*quinquenervia*), *Rosemary*, and *Clove* Essential Oils. The “**Secret**” to **Melrose** is its multi-faceted Synergistic Action—It does so much!

Therapeutically – **Melrose** is a blend of oils that helps prevent the growth of bacteria, fungus and infection. **Melrose** is very strong in the regeneration of damaged tissue and very beneficial for animals such as horses, dogs and cats* in much the same way it benefits humans. * * Apply **Melrose** to your face and neck daily to help renew healthy-looking skin and to reduce the appearance of breakouts and blemishes.

* Take extra precaution with animals, **especially CATS**. Apply to pads and dilute with V-6 Mixing Oil (Item # 3775)

** *People's Desk Reference 2000 - Essential Science Publishing*

Energetically – **Melrose Blend** has a measurable electrical frequency of **48 MHz**.

Emotionally – **Melrose** may have positive benefits for emotional challenges of *Impatience* and *Injury*. Dr. Carolyn Mein has found **Melrose** helps to empower you to be more flexible and adaptable in your feelings when applied to the *Immune Alarm Point* (at the joint of armpit and chest, on the front of left-right sides). Repeating the affirmation of “*I am Flexible*” supports you energetically. **Melrose** may also enhance

healing from emotional injury when applied to the *Periosteum Alarm Point* (Middle of the top center of left hand). Repeating the affirmation of “*I learn from my experiences*” is helping in releasing **Melrose Blend**’s energetics for Injury.*

* “*Releasing Emotional Patterns with Essential Oils 2007*” – Dr. Carolyn Mein

Melrose Oil Lovers ...

“I purchased the **Melrose Blend** and started using it each time I brushed and flossed my teeth. I also started using Young Living’s **Dentarome** Toothpaste containing the Thieves Blend. I went to my dentist for my 6-month’s cleaning, and the hygienist took the gum measurements as she always does. I was pleasantly surprised when she told me that my recession seemed to have stopped, and on most of my teeth, it was improved. I told her about the **Melrose Blend** and asked me to continue using it until my next visit. She said she would be very interested to see what happened then. She also told me that there was almost no plaque on my teeth, and that the gums were pink and healthy looking for a change. The only thing that I have really changed is the toothpaste and the **Melrose**. Maybe it was a combination of both, but I will put my money on the **Melrose!**” * - Debbie C, Arizona

“Ten years ago, my gums were measuring pockets of 10 and 11 millimeters deep. This condition caused my dentist to recommend a surgery on my gums. This remedy only lasted a few years, and the problem returned. I was introduced to Young Living Essential Oils and heard that the **Melrose Blend** from the **Golden Touch 1 Kit** was beneficial for Periodontal Disease. I began to massage the **Melrose Blend** into my gums twice each day. The results shocked even my dentist! I relocated last year and found a new dentist. He measured my gums at 3 and 4 millimeters. I told him my history and he could hardly believe it! He asked what my protocol was and I told him about **Melrose Oil Blend**. Now, he wants to know more!” * - Janet P.M. - Arizona
